1. Executive Summary

- 1.1 This document identifies a range of employment sites (use classes B1, B2, B8 and A2, as well as the new use class E), either with planning consent or allocated in the emerging Chorley Local Plan 2012-2026, on offer to potential developers on April 1st 2023. At April 2023, **62.30 hectares** of employment land was available in the borough for development.
- 1.2 88.74 hectares of land was allocated for employment use in the adopted Chorley Local Plan 2012-2026. At April 2023, **57.47 hectares** of this land remains available for employment use, of which **13.65** hectares has planning permission for employment use.
- 1.3 In addition, **4.83 hectares** of non-allocated land has planning permission for employment development including **3.83 hectares** at existing business and industrial areas, and **1 hectare** outside of existing employment areas.
- 1.4 In the 2022/23 monitoring year **4.83 hectares** was developed. It is estimated that some **38.22 hectares** of land within the Borough has been developed for employment purposes between April 2010 and March 2023.
- During 2022/23, **2.67 hectares** of land, which was previously in use as employment premises, has been lost to other uses. There is currently planning approval for the loss of **6.84 hectares**. It is estimated that between 2010 to 2023, **28.87 hectares** of land, which was previously in use as employment premises, has been lost to other uses.

2. Introduction

- 2.1 This report identifies land within Chorley which is considered to be appropriate or available for employment use at 1st April 2023. The report monitors planning consents and development constructed for employment use.
- 2.2 The report relates solely to land considered appropriate for Classes B1 (B1a: offices; B1b research and development and B1c light industry), B2 (general industry), B8 (storage and distribution) and A2 (financial and professional services) of the Town and Country Planning (Use Classes) Order 1987 and its subsequent amendments. It is recognised that other uses, such as tourism and retailing contribute towards job creation, however these are not included within the scope of this report.
- 2.3 The use classes applicable to offices and light industry have recently been amended through the Town and Country Planning (Use Classes) (Amendment)(England) Regulations 2020. The use classes identified in this report reflect the time at which the planning permission was granted. Use classes in effect pre and post the Amendment Regulations are therefore referred to.

| Development Type | Use Classes up to 31st August 2020 | Use Classes from 1 st September 2020 |
|-------------------------------------|---------------------------------------|--|
| Offices | B1(a) and B1(b) | E(g)(i) and E(g)(ii) |
| Industry and warehousing | B1(c), B2 and B8 | E(g)(iii), B2 and B8 |
| Financial and professional services | A2 | E(c) |

3. Employment Land Requirement and Supply

- 3.1 The Central Lancashire Core Strategy sets out an employment land requirement target of 112ha for Chorley for B1, B2 and B8 uses over the period 2010-2026.
- 3.2 Policy EP1 of the Chorley Local Plan 2012-2026 identifies and protects 15 sites for employment uses totaling 88.74 hectares.

Residual Employment Land Requirement

3.3 At April 2023 there was a residual employment land requirement of 74.02 hectares to 2026 as identified below.

| Chorley Employment Land Requirement 2010-2026 | 112 ha |
|--|----------|
| Completions (B1, B2, B8 & E(g) uses) 2010-2023 | 37.98 ha |
| Residual Requirement to 2026 | 74.02 ha |

Employment Land Supply

3.4 At April 2023 there was an employment land supply of 62.20 hectares. This is made up of sites with planning permission for B1, B2, B8 and E(g) uses on both allocated and unallocated sites which have not yet been developed, and remaining employment allocations without planning permission.

| Commitments on allocated sites | 13.65 ha |
|---|----------|
| Commitments on non-allocated sites | 4.82 ha |
| Allocated sites without planning permission | 43.82 ha |
| Total Supply | 62.20 ha |

4. Employment Land Availability

- 4.1 The market needs a variety of sites in order to provide choice and to meet a range of needs and uses of different types of employer. How attractive to the market the Local Plan sites are will be influenced not only by their size but also their quality. This relates to factors such as ease of access (in particular location in relation to the motorway network), adjacent development, environmental setting, economics of developing the site, existing infrastructure and services, as well as planning status.
- 4.2 This document identifies a range of employment sites on offer to potential developers. At April 2023 **62.30 hectares** of employment land was available in the borough. This includes land identified in the Chorley Local Plan 2012-2026 for employment use, and non-allocated employment land with planning permission for employment use. It does not include existing employment sites forming part of the supply. Table 1 shows available employment land by use class (including A2 use).

Table 1: Available Employment Land (hectares), April 2023

| | E(g) | B1 | B2 | B8 | MU | A2/ E(c) | Total |
|---|------|------|------|------|-------|-------------|-------|
| Allocated land | 0 | 0.26 | 0 | 0 | 57.21 | 0 | 57.47 |
| Non-allocated land with planning permission | 0.52 | 0.31 | 2.73 | 0.57 | 0.69 | 0.01 | 4.83 |
| Total Land Available | 0.52 | 0.57 | 2.73 | 0.57 | 57.90 | 0.01 | 62.30 |

Allocated Employment Land

- 4.3 The adopted Chorley Local Plan 2012-2026 allocated a total of **88.74 hectares** of land for employment use. At April 2023, **57.47 hectares** of Local Plan allocations remained available for employment use in the Borough. Table 2 identifies the availability of Local Plan sites within Policy EP1. Table 3 identifies planning permissions on these sites.
- 4.4 Of the **57.47 hectares** of allocated employment land available, **13.65 hectares** has planning permission for a range of employment uses. Two of the planning permissions in Table 3 cover a larger area than the employment allocation.

Table 2: Availability of Chorley Local Plan 2012-2026 Employment Allocations, April 2023

| EP1.13 | Southern Commercial, Buckshaw Village | 09/00659/REMMAJ | Erection of 5 office buildings | 2.60 | 0 | 0 | 0 | 0 | 2.60 | 0.56 | 2.04 |
| EP1.14 ⁴ | Fairport, Market Place, Adlington | 21/00013/FULMAJ | Erection of 4 industrial buildings | 0 | 0 | 0 | 1.10 | 0 | 1.10 | 0.36 | 0.74 |
| TOTAL | | | | 3.10 | 0 | 0 | 14.84 | 0 | 17.94 | 1.09 | 16.85 ⁵ |

² Planning application covers a larger area than the employment allocation on the site. The total site area of EP1.2 is 8.8ha. 5.9ha is allocated for employment with the remainder allocated for retail/leisure. This application includes 8.6ha of employment uses and 0.2ha of non-employment uses.

³ Planning application under consideration for 80 dwellings (20/01141/FULMAJ)

⁴ Planning application covers a larger area than the employment allocation on the site. The site is a mixed-use allocation with a total site area of 1.5ha, 0.6ha of which is allocated for employment with the remaining 0.9ha allocated for housing. This application includes 1.1ha of employment uses.

⁵ 13.65ha of which falls within the employment allocations.

Non-Allocated Employment Land

- 4.4 The Council has granted planning permission for many employment generating developments outside of employment land allocations identified in the Local Plan, which contribute to the amount of employment land available.
- 4.5 Table 4 shows the amount of non-allocated employment land with existing planning permission at April 2023. Where a site is partly complete, the completed area has been deducted and only the available/undeveloped site area is identified.
- 4.6 In total, 4.83 hectares of non-allocated land has planning permission for employment development including 3.83 hectares at existing business and industrial areas, and 1 hectare outside of existing employment areas.

Employment Land Take-Up

- 5.1 It is estimated that some **38.22 hectares** of land within the Borough has been developed for employment purposes between April 2010 and March 2023 as shown in Table 5.
- 5.2 During 2022/23, **4.83 hectares** of employment land was developed. Each development completed during the year is shown in Table 6.

MU = Mixed Use Development

5.3 The location, age, condition and suitability of the Borough's industrial premises are important factors in contributing to the economic prosperity of Chorley. Industrial premises are located in many parts of the Borough and fall into a range of types. These are purpose-built modern industrial/ business parks, free standing traditional style/mill buildings often in predominantly residential areas, and pockets of industrial premises where buildings are of a mixed type and age in various uses and locations.

6. Loss of Employment Land

- 6.1 Throughout the Borough there are many established long-standing industrial sites, which provide valuable sources of local employment. To ensure an adequate supply of employment land Core Strategy Policy 10: 'Employment Premises and Sites' aims to protect existing employment premises and sites last used for employment. This will ensure that the Borough continues to provide a suitable and attractive range of employment sites.
- 6.2 It is estimated that from 2010 to 2023, **28.87 hectares** of land, which was previously in use as employment premises, has been lost to other uses through redevelopment and change of use as identified in Table 7. Of this, **2.67 hectares** has been lost during 2021/23, Table 8 identifies these developments.
